## ESG Consulting GmbH moves into new headquarters in Fürstenfeldbruck

**Fürstenfeldbruck, the 27th of September, 2007**

ESG Consulting GmbH has moved to Fürstenfeldbruck, getting their new business premises up and running. The new site in the Munich suburbs, combined with the modern premises themselves, tailored as they are to the requirements of a high-tech company, will provide the company with more space for innovation and growth in coming decades.

ESG Consulting GmbH is a wholly owned subsidiary of ESG Elektroniksystem- und Logistik-GmbH, one of the leading system and software houses in Germany, which has been providing management consultancy services since 1967. Using proven frameworks and lean consulting programmes, we have successfully designed business processes and system landscapes for many companies from the high-tech and public sectors.
